

# Passport Activity Newsletter

October 2023

Welcome to the **October edition** of our Rotherham CU Passport Activity Newsletter. We'll be publishing a CU Passport Activity Newsletter just before each school holiday, packed full of fun activities and ideas to keep you busy – in this version, you can find arts and crafts, sign language, nature, bug hunts, scarecrow trail, outdoor cinema, Parkour, football, gymnastics, mini trampolines, and more! You can also find info about the Rotherham Holiday Activities and Food (HAF) and eligibility.

In our newsletters, you'll find activities taking place across the town in the school holidays – and if your child has a Passport to Learning, they'll be able to earn CU credits for taking part in all of them! Some of the activities are FREE while some will need to be paid for, and some require booking in advance. We would always recommend contacting the Learning Destination (approved activity provider) before making a special journey to join them, and you can find contact details of ALL of our Learning Destinations here:

[www.childrensuniversity.co.uk/activity-search](http://www.childrensuniversity.co.uk/activity-search)

During 2020 and 2021, our friends at Sheffield CU published daily CU Home Learning Challenges and reached **98** of them by the end of the school year! You can find them and more here: <https://bit.ly/SCUHomeLearningChallenges1-98> <https://bit.ly/SCUWeeklyEssentialSkillsChallenges> We'll be sharing a selection of them in these newsletters, so why not have a go at completing them at home? You'll need to take your work into your school to show the staff, and why not tell them about all the things you learned, and how you developed a range of skills by completing the challenges? They'll give you an activity stamp code so you can enter it onto CU Online and claim your CU credits towards your next award.

If you see challenges published by other CUs, then do feel free to complete them too. To claim your CU credits for these, you'll need to show your work to your teacher in school, then they'll be able to give you your CU activity stamp code to add to CU Online.

You can find Learning Destinations in Rotherham and beyond at [www.childrensuniversity.co.uk/activity-search](http://www.childrensuniversity.co.uk/activity-search) or see our latest list at the end of the newsletter, as well as in Sheffield and Doncaster too, so why not visit some of them and collect **EVEN MORE** CU credits in your Passport to Learning? We're welcoming new Learning Destinations to Rotherham all the time – see details later in the newsletter, on how you can nominate an activity provider to join us! Make sure you're following us on Twitter for our Rotherham CU news!

@RotherhamCU

# Did you know?

## The Passport to Learning is your key to exciting learning activities in and beyond Rotherham!

Looking for a new activity to try? Want some ideas for things to do nearby? Are you having a trip out somewhere? Going on holiday? Visiting friends and family? You can collect CU credits at museums, castles, forests, coastlines, mountains, cathedrals, zoos and lots of other famous landmarks in Rotherham and right across the UK.

### 1. Get ready!

- **Get a Passport to Learning.** Ask in school how you can do this.
- **Visit the website:** [www.childrensuniversity.co.uk/activity-search](http://www.childrensuniversity.co.uk/activity-search)

### 2. Get in on the action!

- **Use the website to find details of Learning Destinations** before you go. Why not refresh your search whilst you're out and about?
- **Visit them and learn lots!** Look out for structured learning activities such as trails, talks by experts, quizzes and workshops (remember: **only** these structured activities count towards CU credits).

### 3. Get your CU credits!

- **Collect your CU Activity Stamp.** Ask a member of staff at the Learning Destination for the code. Record it in your CU Passport to Learning.
- **Claim your CU credits.** Log into CU Online, enter your Activity Stamp Code and see your credits increase. Why not review the activity (tell us what you learned and what you thought about it), and we'll award some extra credits! Ask in school if you need any help.

# Home Learning Challenges!

 Sheffield CU published 98 Home Learning Challenges during the summer last year – everything from making sock puppets to mini Olympics, and curating your own museum to making slime!

Find them all here:

<https://bit.ly/SCUHomeLearningChallenges1-98>

**CU Home Learning Challenges**  
Join in a challenge? Find it on a list or by the date? Download more home CU challenges? Use a link on the Facebook wall, click on the link to go straight through to the challenge! The challenge lists below show the dates for each challenge. (Useful for parents who want to be prepared for the school holidays.)

No.	Activity	Description	Date
1-10	21st March - Write a poem about Spring	Write a poem about a spring garden or a sunny day.	March 21st - 31st
11-20	22nd March - Make a puppet	Make a puppet out of a sock or a piece of fabric.	March 22nd - 31st
21-30	23rd March - Make a collage	Make a collage about a spring garden or a sunny day.	March 23rd - 31st
31-40	24th March - Make a model	Make a model of a spring garden or a sunny day.	March 24th - 31st
41-50	25th March - Make a story	Write a story about a spring garden or a sunny day.	March 25th - 31st
51-60	26th March - Make a game	Make a game about a spring garden or a sunny day.	March 26th - 31st
61-70	27th March - Make a book	Make a book about a spring garden or a sunny day.	March 27th - 31st
71-80	28th March - Make a card	Make a card about a spring garden or a sunny day.	March 28th - 31st
81-90	29th March - Make a poster	Make a poster about a spring garden or a sunny day.	March 29th - 31st
91-98	30th March - Make a mural	Make a mural about a spring garden or a sunny day.	March 30th - 31st

**CU Home Learning Challenge: Continents of the World!**  
Week four: SOUTH AMERICA

Each of our weekly challenges will focus on a different continent of the world. This week's challenge is about South America.

Read the information about South America in the challenge pack. You will find a map of South America and a list of interesting facts about the continent. You will also find a list of activities to do with your children.

Read the information about South America in the challenge pack. You will find a map of South America and a list of interesting facts about the continent. You will also find a list of activities to do with your children.

The biggest river in South America is the Amazon. It is the longest river in the world. It flows through South America from north to south.

South America is a continent of many different cultures. There are many different languages spoken in South America.

The people who live in South America are called South Americans. They speak different languages and have different customs.

South America is a continent of many different landscapes. There are mountains, rivers, and beaches in South America.

South America is a continent of many different people. There are many different races and ethnicities in South America.

South America is a continent of many different things. There are many different plants and animals in South America.

South America is a continent of many different things. There are many different plants and animals in South America.

South America is a continent of many different things. There are many different plants and animals in South America.

They published 5-part collections of challenges themed around the seven continents of the world!

Find them all here: <https://bit.ly/CUContinentsChallenges>

 They published collections of Home Learning Challenges for the school holidays.

Spring holidays: <https://bit.ly/SCUSpring2021HomeLearningChallenge>

**Winter Home Learning Challenges 2020**

5 winter-themed, fun, home learning activities, crafts and games to enjoy with your family!

Children's CU Credits can be used to help fund your Learning. Please see our website for more information. Thank you to all our supporters!

**Challenge: Friendships**

Friendship is an important part of life. It is when you have a special relationship with someone else. It is when you have someone who understands you and who you understand.

Friendship is an important part of life. It is when you have a special relationship with someone else. It is when you have someone who understands you and who you understand.

Friendship is an important part of life. It is when you have a special relationship with someone else. It is when you have someone who understands you and who you understand.

Friendship is an important part of life. It is when you have a special relationship with someone else. It is when you have someone who understands you and who you understand.

Friendship is an important part of life. It is when you have a special relationship with someone else. It is when you have someone who understands you and who you understand.

They have published a series of Home Learning Challenges focusing on essential life skills we believe every child and young person should be developing. These continue to be published on their social media channels on a Monday and Friday during Term Time in 2020/21.

Find them here: <https://bit.ly/SCUWeeklyEssentialSkillsChallenges>

 To claim your CU credits, you'll need to show evidence of your learning to a member of staff in your school, so they can give you a CU Activity Stamp Code in your Passport to Learning. You can claim your credit using the code on CU Online.

# CU Home Learning Challenge: Paper Weaving!

## You will need:

- Plain card (empty cereal boxes are great for this!)
- Plain paper (different colours)
- Pencil
- Ruler (or other straight-edged object)
- Scissors

**Step 1:** Turn your card portrait way round. Measure and draw out a number of rectangles down the centre of your plain card, running across your paper (left to right). They need to be as equal in size, and as straight as possible. You could use the template attached to help.

**Step 2:** Cut out the rectangles as neatly as possible. Ask an adult to help if you need to.

**Step 3:** Cut your coloured paper into strips - as equal in size as possible. You might want to measure them first?

**Step 4:** Take your first coloured strip and thread it from the bottom, in and out, in and out, until you reach the top. Then, take your next strip of coloured paper, and thread it in and out, in and out, but this time from the top so it is threaded opposite to the previous strip.

**Step 5:** Repeat this until your sheet of card is full of beautiful, brightly coloured weaving!

**Step 6:** You could repeat this activity using different shaped card - get creative!

Remember to show evidence of your learning to a teacher in school (photos, videos, art work, etc.) and they'll give you the CU Activity Stamp Code to enter onto CU Online and claim your credits

What skills will I be developing in this challenge?

# CU Home Learning Challenge: Learn to Sign Your Name!

No, you won't need to create a new autograph or signature! We'd like you to learn some sign language!

## You will need:

- Your fingers!
- Access to the internet if you want to play some sign language games (<https://www.british-sign.co.uk/fingerspelling-alphabet-charts>)

Have a look at the alphabet charts attached to this challenge (you can also download them from the link above).

**Part 1:** Can you use the fingerspelling charts to identify the letters to spell out 'CU' for Children's University?

**Part 2:** Work out how to spell your name. Maybe you could learn how to spell the names of other people in your house, your friends, or even your teacher's name?

**Part 3:** Can you learn to spell out a short sentence or message? Perhaps 'Thank you', or 'We love you'? Can you get someone to take photos/video of you signing your message letter by letter, then put them together into a picture to send to someone? Or maybe even a short video of you signing your message? We'd love to see them too <https://www.british-sign.co.uk/shp/product/introducing-british-sign-language-enrolment/>

!

**Part 4:** If you're enjoying this activity, there are lots of signs that mean whole words rather than single letters - such as names of family members (Mum, Dad, sister, etc.) or signs for greetings (hello, goodbye, etc.) See if you can learn these too!

Remember to keep practising your new skill so you don't forget the signs!

Remember to show evidence of your learning to a teacher in school (photos, videos, art work, etc.) and they'll give you the CU Activity Stamp Code to enter onto CU Online and claim your credits

# CU Home Learning Challenge:

ROTHERHAM

## Tree Spotter and Leaf Collector!

We're lucky enough that we don't have to travel far from our homes to reach a park, woodland or even just a copse (...the word for a small group...) of trees. So, we want you to get out and about and do some tree spotting.

### What you will need:

- A small bag to collect leaves in
- The leaf hunt sheet attached
- Paper, pencil crayons, pencils, etc.
- Glue

**Step 1:** With an adult, go for a walk. Find somewhere where there are at least a few trees, but the more trees, the better. A woodland is perfect!

**Step 2:** Choose one tree. Look at its shape from a distance - is it more rounded, or triangular (narrower at the top than the bottom), or even more of an oblong shape (tall and thin)?

**Step 3:** Look at the trunk closely if you can. What is the bark like? Is it smooth or rough?

**Step 4:** Look at the shape of the leaves - what shape are they? What are the branches like?

**Step 5:** Collect a leaf (look to see if there are any on the floor that have fallen off and choose these first). If not, carefully and gently pull one off the tree. Look closely at the leaf - what colour is it? How might you describe the leaf's texture? Is it thin and fragile or thick and waxy? Turn the leaf over - can you see the veins running along it? This is where the water runs from the tree's trunk and along the branches and into the leaf to 'feed' it and help it to grow.

**Step 6:** Look at the 'Leaf Hunt' sheet attached. Try and match your leaf to one on the sheet, to help you identify the type of tree you're looking at. Some of them are very similar, so make sure you look closely, including around the edges of the leaves! Keep the leaf you chose in your collecting bag.

**Step 7:** Find another tree and do the same. Try and find as many different type of leaves as you can. When you get home, could you use the leaves you collected to make a picture. You could even use the leaves as the bodies for characters, by drawing extra parts such as arms and legs, eyes, etc.!

Remember to show evidence of your learning to a teacher in school (photos, videos, art work, etc.) and they'll give you the CU Activity Stamp Code to enter onto CU Online and claim your credits

What skills will I be developing in this challenge?

# Leaf hunt

alder

ash

beech

birch

elder

field maple

hawthorn

hazel

holly

horse chestnut

oak

rowan

sycamore

Have you found any other leaves? Draw or stick them here and find out their names:

# CU Home Learning Challenge: Garden Bug Hunt!

You will need –

- Pencil
- Paper
- Colouring pencils or felt tips

You could also use a magnifying glass however, this is not essential.

Step 1 – Step out on to your garden or in a park and look in any area. This could be in the grass, flowers and bushes or even on a concrete patch.

Step 2 – Have a good look around and see what bugs you can find. This may require you to be patient and quiet as some bugs can get scared when they hear noises or see people. Lots of bugs like to hide under things, so try turning over rocks, stones, sticks or try looking under large leaves.

Step 3 – Make a note of the bugs you see, and a description of what it looked like along with a drawing of each one you find. Remember to put any creatures back where you found them. Same too for any stones, rocks or logs you moved.

Step 4 - Could you go online and try and find the names of the bugs you found, or use the bug hunt sheet from the Woodland Trust above? You can find the full sheet and some top tips here:

<https://www.woodlandtrust.org.uk/blog/2019/04/minibeast-hunt/>

Remember to show evidence of your learning to a teacher in school (photos, videos, art work, etc.) and they'll give you the CU Activity Stamp Code to enter onto CU Online and claim your credits

What skills will I be developing in this challenge?

# CU Home Learning Challenge: Create-Your-Own Jigsaws!

## You will need:

- Some paper or card (recycled boxes or packaging is great for this)...or...
- An old cereal box or similar, or a picture or poster you don't mind cutting up (ask an adult first!)
- Pens or crayons
- A ruler or something with a straight edge (if you want simple shaped pieces)

**Step 1:** Think about the picture that will be on your jigsaw. Jigsaws are most attractive and easiest to complete when the whole jigsaw is covered with colour. You could even fill the image with bubble writing and a positive, kind message for others to read when they complete your jigsaw?

**Step 2:** Get creative! You might want to draw out your design lightly in pencil first then make it as bright and colourful as you can, including the background. For younger children or those with special educational needs or disabilities, you could find an existing picture or poster (cereal box fronts are ideal!) to cut up, rather than designing their own image?

**Step 3:** Once you've finished your design, take a photo of it (you might need this later to help someone complete your jigsaw!)

**Step 4:** Turn your picture over and use your ruler (or straight-edged object) to draw faint pencil lines on the back. You could even draw more traditional jigsaw piece shapes like in the picture? Think about how the lines cross each other - what shape pieces do you want for your jigsaw? How many pieces will it have? How big/small do you want the pieces to be? Keep drawing lines until the whole picture is divided up. You could even draw wonky lines without a ruler or straight-edged object!

**Step 5:** Using your scissors carefully (you might need to ask an adult for help), cut along the lines. Take your time - it's not easy to cut along lines neatly! Count the pieces and keep them all together. You might want to write faint numbers on the back of the pieces so you know if you have them all each time you pack your jigsaw away!

**Step 6:** Give your jigsaw to someone else to complete. See if they can complete it without looking at the photo, but they might need it to help them. How long does it take them? Can anyone else in your house do it faster?

**Remember to show evidence of your learning to a teacher in school (photos, videos, art work, etc.) and they'll give you the CU Activity Stamp Code to enter onto CU Online and claim your credits**

# ROTHERHAM HEALTHY HOLIDAYS

Rotherham Healthy Holidays is funded by the Department for Education's Holiday Activity and Food Programme. The aim of the programme is to make funded places available to eligible children from Foundation Stage 2 to Year 11.

Rotherham Healthy Holidays partner with a range of organisation across the borough over the Easter, Summer, and Winter school holidays to deliver the Holiday Activity and Food Programme. Each programme will last at least 4 hours a day over 4 days at Easter and Winter and 16 days over Summer.

At each programme children will take part in enriching activities, physical activity and receive a healthy meal.

The programme offers funded places to those who are eligible and aged from Foundation Stage 2 to Year 11. Some providers also offer good valued paid places.

To find out if you are eligible, please visit: [www.rotherham.gov.uk/childrens-health-wellbeing/healthy-holidays](http://www.rotherham.gov.uk/childrens-health-wellbeing/healthy-holidays)

To access your funded place, you will need a Unique Reference Number that you can receive from school or your case worker.

You can contact us on [healthyholidays@rotherham.gov.uk](mailto:healthyholidays@rotherham.gov.uk)

You can find out further information by visiting [www.rotherham.gov.uk/childrens-health-wellbeing/healthy-holidays](http://www.rotherham.gov.uk/childrens-health-wellbeing/healthy-holidays)

Would like more information on how to apply for free school meals? Please visit [www.rotherham.gov.uk/benefits/free-school-meals](http://www.rotherham.gov.uk/benefits/free-school-meals)

# Nominate a Learning Destination!

**Do you know an activity provider who'd make a GREAT Learning Destination?**

**Nominate them today:**

**<https://bit.ly/CUNominateaLearningDestination>**

**it's FREE for them to join!**

**there's loads of benefits on offer!**

**We'll contact them with more info, and invite them to join Rotherham Children's University. Once they're validated, you and your friends will be able to earn CU credits at their activities, if you have a CU Passport to Learning**

for more info, contact [h.oades@shu.ac.uk](mailto:h.oades@shu.ac.uk)

**WHY NOT PRINT THIS PAGE, CUT OUT THE SLIPS AND TAKE THEM ALONG TO ACTIVITY PROVIDERS TO INVITE THEM TO JOIN ROTHERHAM CU?**

# You're invited!

**I am a member of Rotherham Children's University (CU) and I'd LOVE it if this club/group joined in too!**

I earn CU credits for choosing to take part in high quality, learning activities in my own time. These credits lead to 30 different awards, as well as them helping to build my confidence, motivation, and self-esteem, develop skills, make new friends and have fun. Ask me to tell you about it!

It would be AMAZING if children were able to collect CU credits for taking part in activities here too, but we can't until this organisation is registered. It's FREE for you to join, and a really quick and easy process. Just add a few details on the link below and the CU Team will be in touch: [www.childrensuniversity.co.uk/get-involved/learning-providers/](http://www.childrensuniversity.co.uk/get-involved/learning-providers/) Once registered, you don't have loads of paperwork to fill in plus it might even bring in more members to our group. There's lots of benefits for you as well - free publicity is just one of them!

Contact Helen Oades ([h.oades@shu.ac.uk](mailto:h.oades@shu.ac.uk) or 07760 116874) for more info. I hope you'll be able to join soon so I can earn more CU awards!
